Jabra BT125

Get more done. Talk hands-free.

Keep your hands free
Jabra now introduces the Jabra BT125 – a discreet wireless headset for Bluetooth mobile phones. The headset lets you get on with your talking and keep both hands free for whatever else you need them for.

Keep on moving
The Jabra BT125 is the ideal accessory when multi-tasking is the order of the day. You can get on with your jobs and make and take your phone-calls without losing the use of one all-important hand! And when you're in the car, tackling town with a toddler at your side, or even just making a cup of coffee or ironing your shirt – you can keep on talking without compromising on safety.

Making it simpler
The Jabra BT125 is so light and comfortable that you'll hardly notice you're wearing it. And its design is so functional, you'll rarely ever have to touch your mobile phone. What's more, it couldn't be easier to pair and operate (see quick start guide).

Take life in both hands. Release your Jabra.
